

Remarks**STATUS OF CLAIMS**

Claims 1-16 and 18-22 remain in the case. Of the claims, 1, 3, 11, and 20 are independent, the rest being dependent. Claims 1, 3-6, 11-13, 15, 16, 20, and 22 are amended herein.

35 U.S.C. §112 REJECTIONS

Claims 1-12, 15, 16 and 18-22 stand rejected under 35 U.S.C. §112, second paragraph for being incomplete. Claims 13 and 14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form.

Each of the independent claims has been amended to clarify that the platform is operably attached to the main boom by a support means. Although the claims as originally filed indirectly required the support means by indicating that the platform was operably attached, the claims now positively recite as such.

By now directly claiming that the platform is attached to the boom member by a support means, the §112 rejection should be overcome, as the elements recite a complete unit.

Respectfully submitted,
